

## More than 500 Portuguese entries in Brazil in 2022

2023-08-08

In 2022, 562 Portuguese entered Brazil, according to data from the Brazilian Ministry of Justice and Public Security. This ministry accounted for a total of 25,061 foreigners entering Brazil, with the Portuguese accounting for 2.2% of this total. +

After in 2020 and 2021, the entry of Portuguese in Brazil was less than 500 annual entries, in 2022 there was a growth of 21.9% and more than 500 entries in Brazilian territory (562 entries). The number of Portuguese citizens entering Brazil is still far from the figure recorded in 2013: 2,904, the highest in the period under review. The recessive trend in recent years has translated into a relative loss of importance of Portuguese immigration: while in 2013 the Portuguese accounted for 4.7% of the inflows to Brazil, in 2022 they represented only 2.2%.
