The
Migration
Conference
2018 // LISBON

Chair's Welcome

Dear colleagues,

We're pleased to welcome you to ISEG and IGOT at the Universidade de Lisboa for the Migration Conference. The 6th conference in our series has probably made the TMC 2018 the largest scholarly gathering on migration with a global scope. Human mobility, economics, work, employment, integration, insecurity, diversity and minorities, as well as spatial patterns, culture, arts and legal and political aspects appear to be key areas in the current migration debates and research. Throughout the program of the Migration Conference you will find various key thematic areas covered in about 500 presentations by about 600 colleagues coming from all around the world, from Australia to Canada, China to Mexico, Chile to Russia, and South Africa to Finland.

We are also proud to bring you opportunities to meet with some of the leading scholars in the field. This year invited speakers include Joaquín Arango, Pedro Calado, Jeffrey H. Cohen, Michelle Leighton, Philip L. Martin, Ruba Salih, Ana Rita Gil, Ana Martins and Ana Rodrigues.

The Migration Conference also offers training and development opportunities and participants are encouraged to register for these workshops. Co-editors of Migration Letters, Jeffrey H. Cohen, Ibrahim Sirkeci, and Serli Nisanyan will be convening a workshop on Doing PhD in Migration Studies.

Although the main language of the conference is English, this year we will have more diversity as usual and there will be

presentations in French, Spanish and Turkish. We have maintained over the years a frank and friendly environment where constructive criticism foster scholarship, while being nice improves networks and quality of the event. We hope to continue with this tradition and you will enjoy the Conference and Lisbon during your stay.

We thank all participants, invited speakers and conference committees for their efforts and contribution. We also thank many colleagues who were interested in and submitted abstracts but could not make it this year. We are particularly grateful to hundreds of colleagues who served as reviewers and helped the selection process. We also thank to those colleagues who organised panels and agreed to chair parallel sessions over three days. We reserve our final thanks to the team of volunteers whose contributions have been essential to the success of the conference. In this regard, special thanks are reserved for Mónica Fraga from Lisbon, Alina Esteves from Lisbon, Begüm Yüceşahin from Ankara, Gizem Çakır from İzmir, Sergio Morgillo from Naples, and Yusuf Topaloğlu from Tekirdağ.

Finally we welcome any comments and questions. Please do not hesitate to get in touch with us through the conference email (migrationscholar@gmail.com).

THE MIGRATION CONFERENCE 2018

The Migration Conference is a venue for academics, policy makers, practitioners, students and everybody who is interested in intelligent debate and research informed discussions on human mobility and its impacts around the world.

The Migration Conferences were launched at the Regent's Centre for Transnational Studies in 2012 when the first large scale well attended international peer-reviewed conference with a focus on Turkish migration in Europe in Regent's Park campus of Regent's University London. The migration conferences have been attended by between 200 to 600 participants coming from all around the world in London (2012), London (2014), Prague (2015), Vienna (2016), Athens (2017), and Lisbon (2018).

The Migration Conference is an international peer-reviewed scientific event. Papers presented at the TMCs are reviewed by the Conference Committee/Track chairs/Chairs and double blind peer-reviewed by at least two referees for their scientific quality, style and presentation. Reviewers are assigned by the track chairs and chairs. To ensure unbiased evaluation, authors are required to remove personal and institutional information from their submitted abstracts/papers and reviewer names are not disclosed to the authors submitting papers/abstracts.

The abbreviated title of The Migration Conference is: TMC2018

EXHIBITION: Welcome to Our Jungle

by Clare Struthers, University of Plymouth, UK

Welcome to Our Jungle is a participatory photography project that was based in the refugee camp known as the 'Jungle' in Calais, giving a much needed platform for the voices of those directly affected by the crisis.

We worked with a group of men, women and children from November 2015 until the camp's demolition in September 2016, to bring you their unique perspective and insight into the crisis, in an attempt to provide a counter narrative to the predominantly negative and

unbalanced rhetoric, broadcast in the mainstream media.

The creativity and resilience of the participants of this project, perfectly represent the inextinguishable light of the human spirit. We hope you enjoy 'their' stories.

9K.Movie Screening: **Gastro Nomads** by **Annebel Huijboom, the Netherlands**

Synopsis: This film explores issues of migration, belonging and food preferences in the specific context of five migrant women from different parts of the world, now living in London. They all work for Mazí Mas, a roaming restaurant that creates employment opportunities for migrant and refugee women, inviting them to cook food from their own countries, as they were taught by their mothers and grandmothers. Is there a difference between cooking food at home and in this role as representatives from their home country?

Profile: Independent filmmaker Annebel Huijboom (1989) currently lives in the Netherlands. She received a Master's degree in Visual Anthropology from Goldsmiths, University of London in 2014. Annebel's work is always a study of visual culture in combination with emerging technologies within ethnographic methods, addressing the themes of justice, migration and heritage.
